INDEX OF SUBJECTS

Agricultural production and climate in Uganda (Huxley), 81
Alfalfa, a cheap weighable container for measuring evaporation from, in the Sudan (A/Hafeez and Hudson), 99
Ants, Leaf-cutting (*Atta* Spp.), control by fogging (Kennard), 237

Bacterial blight, resistance of cotton (Innes), 189

Chemical studies of some Nigerian vegetables (Oke), 125
Climate and agricultural production in Uganda (Huxley), 81
Cocoa, effects of ground covers and fertilizers on establishment and yield, on clear-felled land in Ghana (Acquaye and Smith), 131
storage of seeds (Swarbrick), 201
Coffea arabica L., visual scoring of starch in, I. Methods, (Wormer and Ebagole), 33
II. Starch in bearing and non-bearing branches, (Wormer and Ebagole), 41
Coffee, control of crinkle-leaf in Kenya (Wormer and Firman), 1
coffee soil, *see* Soil
Cotton, resistance to bacterial blight (Innes), 189
Cowpeas, effects of planting dates on flowering and yields in Nigeria (Tewari), 253
effects of nitrogen, phosphorus and potassium on nodulation (Tewari), 257
fertilizer placement for sole-cropping in Southern Nigeria (Ezedinma), 299
Crinkle-leaf, control in coffee in Kenya (Wormer and Firman), 1
Crops, radiation and, (Monteith), 241

Digestibility of fodder maize and maize silage (Harris), 121

Evaporation, a cheap weighable container for measuring, from alfalfa in the Sudan (A/Hafeez and Hudson), 99
from lucerne under advective conditions in the Sudan (Hudson), 23
effects of crop height on, from lucerne and wheat grown in lysimeters under advective conditions in the Sudan (El Nadi and Hudson), 289

Fertility, effects of organic mulch on, on a latosolic soil in Kenya (Robinson and Hosegood), 67
Fertilizer(s), *see* Cocoa, Cowpeas, Grasses, Grazing, Rice, Soybeans, Sugar cane, Wheat
Fertilization, influence of, and cutting on a tropical grass-legume pasture (Moore), 193
deferred grazing and, in Southern Australia (Cocks), 271

Grass(es), effects of fertilizers and management on three promising tropical grasses in Jamaica (Richards), 281
influence of fertilization and cutting on a tropical grass-legume pasture (Moore), 193
Grazing, deferred, and nitrogen fertilization in Southern Australia (Cocks), 271
Groundcovers, *see* Cocoa
Groundnut improvement in the Sudan (Tahir), 225

Hevea brasiliensis, evaluation of a technique for stimulating yield of, (Anliker and Scanlon), 153

Irrigation management, plant water relations, and crop yield (Fischer and Hagan), 161

Legume, effect of organic matter in soil on nodulation (Masefield), 113
see Grass
Lucerne, *see* evaporation

Maize, the digestibility of fodder and silage (Harris), 121
Manuring, responses of sugar cane to Sunn Green, in India (Ambika Singh), 209
Mulch, effects of grass, on groundnuts in Gambia (Ashrif and Thornton), 145
effects of organic, on fertility of a latosolic coffee soil in Kenya (Robinson and Hosegood), 67

Nitrogen, *see* Cowpeas, Grazing, Rice, Soybeans, Wheat
Nodulation, effect of organic matter in soil on legume, (Masefield), 113
effects of nitrogen, phosphorus and potassium on, in cowpea (Tewari), 257
Nutrition, mineral, survey of Valencia orange in Trinidad (Weir), 179

Orange, Valencia, survey of mineral nutrition in Trinidad (Weir), 179

Papers, presentation of numerical results of experiments for publication in a scientific agricultural Journal (Clarke), 315
Pasture, *see* Grass
Phosphorus, *see* Cowpeas, Soybeans, Sugar cane
Plants, effects of hill spacing, number of, per hill and nitrogen supply on growth and yield of rice (Enyi), 55
water relations, irrigation management and crop yield (Fischer and Hagan), 161
Planting dates, effects of, on flowering and yields of cowpeas in Nigeria (Tewari), 253
time, effect of, on yield and quality of flue-cured tobacco in Iriga District, Tanzania (Akehurst), 305
Potassium, *see* Cowpeas, Soybeans

Radiation and crops (Monteith), 241
Raphia wine, production of, in Nigeria (Tuley), 141
Results, *see* Papers
Rice, effects of hill spacing, number of plants per hill and nitrogen supply on growth and yield (Enyi), 55
fertilizer requirements of, on the Murrumbidgee Irrigation Area of New South Wales (Boerema and McDonald), 11

Seed storage, *see* Cocoa
Silage, *see* Maize
Starch, visual scoring of, in *Coffea arabica* L. (Wormer and Ebagole), 33, 41
Stimulating yield, evaluation of technique for, of *Hevea brasiliensis* (Anliker and Scanlon), 153
Soil, effect of organic matter in, on legume nodulation (Masefield), 113
effects of organic mulch on fertility of latosolic coffee, in Kenya (Robinson and Hosegood), 67
survey, agronomic use of, in Barbados (Hudson), 215
Soybeans, effects of nitrogen, phosphorus and potassium on flowering and yield of, in Nigeria (Tewari), 185
Sugar cane, responses of, to Sunn Green manuring in India (Ambika Singh), 209
availability of phosphorus to, in Hawaii as influenced by various phosphorus fertilizers and methods of application (De Datta and Moonaw), 261

Tobacco, effect of planting time on yield and quality of flue-cured, in Iriga District, Tanzania (Akehurst), 305

Vegetables, chemical studies of some Nigerian (Oke), 125

Water, *see* Plants, Wheat
Wheat, effects of crop height on evaporation from lucerne and, grown in lysimeters under advective conditions in the Sudan (El Nadi and Hudson), 289
interaction of nitrogen and water on yield, protein and mottling in, on Black Earth in Queensland (Wood and Fox), 107
Wine, production of Raphia, in Nigeria (Tuley), 141
